Rebuilding from the Rubble - A New Year in Nepal

A building and support project proudly supported by the Rotary Club of Ballina-on-Richmond and Rotary District 9640

The project

Gatlang in the Langtang District was the second most affected village in Nepal by the April 2015 earthquake. Once considered an example of unique mountain architecture, Gatlang, like many other villages in Nepal’s worst affected districts, now is made up of rubble and shelters made from zinc sheets.

“Rebuilding from the Rubble” is a humble project designed to rebuild a home in the village of Gatlang from what is left and from new materials we need to buy. We have an experienced builder on the team who we trust will be able to teach additional skills and use of the new tools we will take with us.

On 29 December 2017 six Rotarians and 2 RYLarian (Rotary Youth Leadership Awards) team leaders will be travelling to Gatlang undertaking the project. The team members are paying their own way, so every single dollar raised will be of direct benefit to the people of Nepal and particularly the villagers of Gatlang and every additional dollar will mean we can help just that little bit more.

Whilst we hope to be able to raise enough money for the home, we also want to purchase warm clothing, shoes and educational supplies, including information and resources for dental health which is a big problem in Nepal. We plan on taking as many “house packages” to Gatlang with us from Kathmandu as we can afford, being (per five people in a family), shoes, blankets, clothing and cooking utensils. We will be purchasing most of the goods in Nepal so as to support the local economy and avoid the cost of freight, however we then need to get them trucked from Kathmandu to Gatlang with us for distribution. We also know we will need to take some items from Australia and will need funds to pay for these additional transport costs.

YOU ARE INVITED

To raise money to make this project more than just building a house, the generous owners of Bonefish Bar & Grill, Ballina in the Ramada Building on the Richmond River have agreed to host a spectacular luncheon on 12 November 2017 from 12 noon. The cost is $60.00 which includes a beautiful, locally produced three course menu. The afternoon will be full of fun, games, frivolity and of course, amazing food.

We can guarantee you that 100% of what you donate will go directly into the project and therefore will directly and significantly improve life for the people of Gatlang. Every single dollar will make a difference and the beautiful people of Nepal, and particularly Gatlang, will be eternally grateful.
