ARE YOU READY FOR RYLA 2011?

'The RYLA Experience'

- Do you want to change your life?
- Have you tapped into your true potential?
- Are you between the ages of 19 and 28?
- Would you like to meet other like minded youth, be inspired, motivated and experience life from a new perspective?

If this sounds like you, the 2011 RYLA Seminar could be your answer...

The Rotary Youth Leadership Award (RYLA) is a premier youth leadership development program designed to promote the personal and professional development of Australian youth who have been identified with exceptional leadership potential.

The challenging seven day RYLA Seminar offers young people a unique networking opportunity to meet other goal orientated and motivated individuals from different backgrounds and access to some of Australia's most influential and motivated speakers who are experts in a variety of fields.

Participants take a week away from their usual work or study and are given a real opportunity to step out of their *comfort zone* and be pushed beyond their personal boundaries whilst in a friendly and supportive environment. If you know of someone who has already attended a RYLA Seminar, you would have seen the difference and the great benefits that can be gained from participating in this unique program.

RYLA provides young people with the tools and qualities to become motivated, skilled and confident leaders. RYLA is so successful because it is a project for youth, run by youth who have all participated in a RYLA Seminar.

Topics covered throughout the week include:

- Leadership development
- Public speaking
- Personal development
- Goal setting
- Negotiation skills
- Motivation
- Fitness and wellbeing
- Interpersonal skills
- Finance and money management
- Conflict resolution
- Time management

The tools, information, confidence and personal development gained are invaluable to participants.

The qualities and knowledge learned at RYLA can then be used by participants and integrated into the individual's study, professional, personal and daily life.
